

COBRA Compliance That Runs Itself.

BAS takes the COBRA burden off your plate by automating notices, elections, and billing using your real-time BambooHR data. No spreadsheets, no double entry, no compliance fire drills. Just connect once, let automation run, and track accuracy from one clean dashboard.

How it Works:

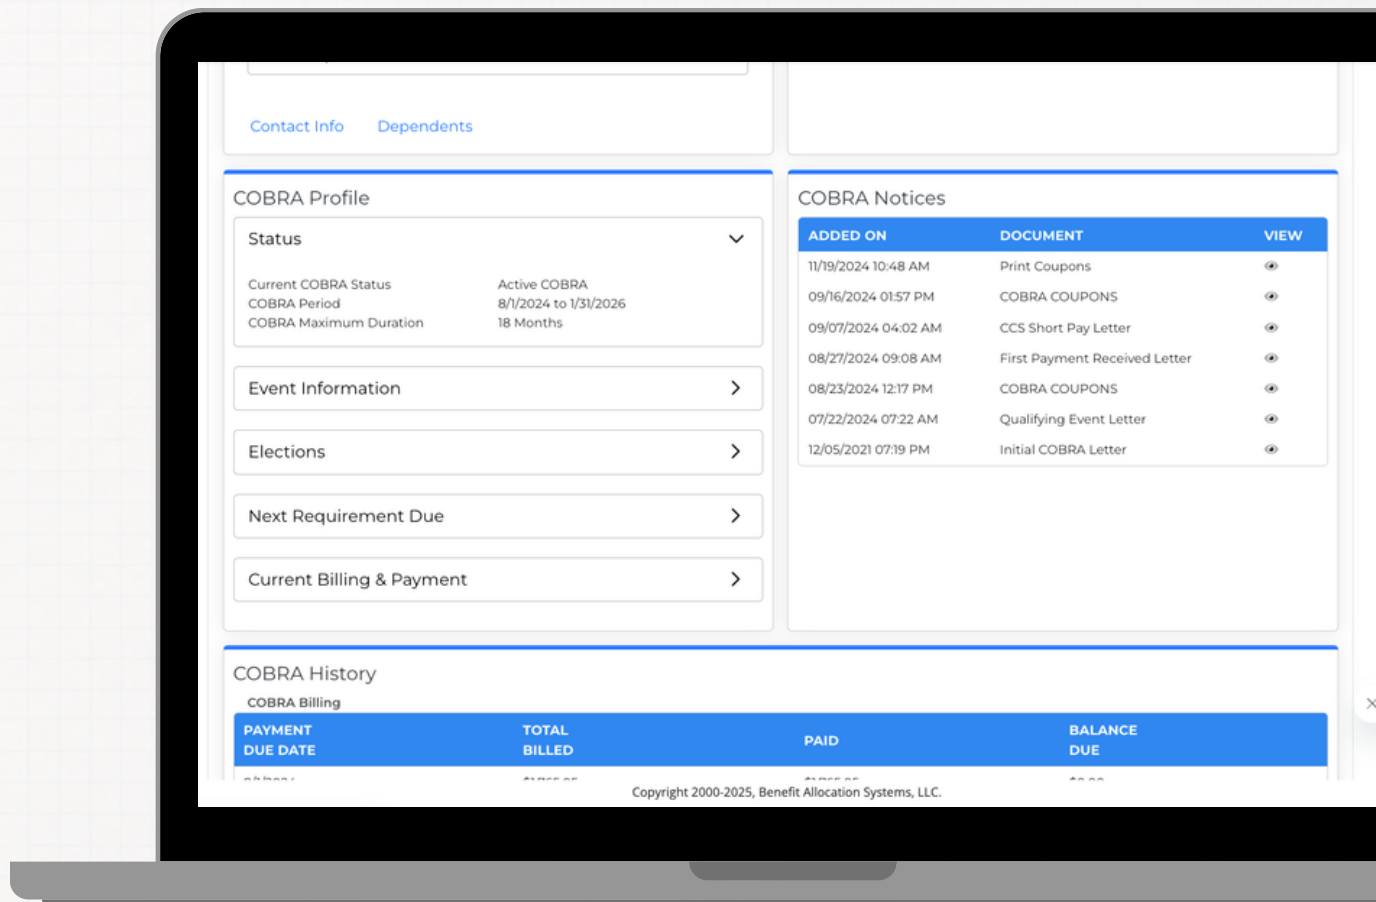

Connect → Automate → Relax

Smart, Simple COBRA Oversight.

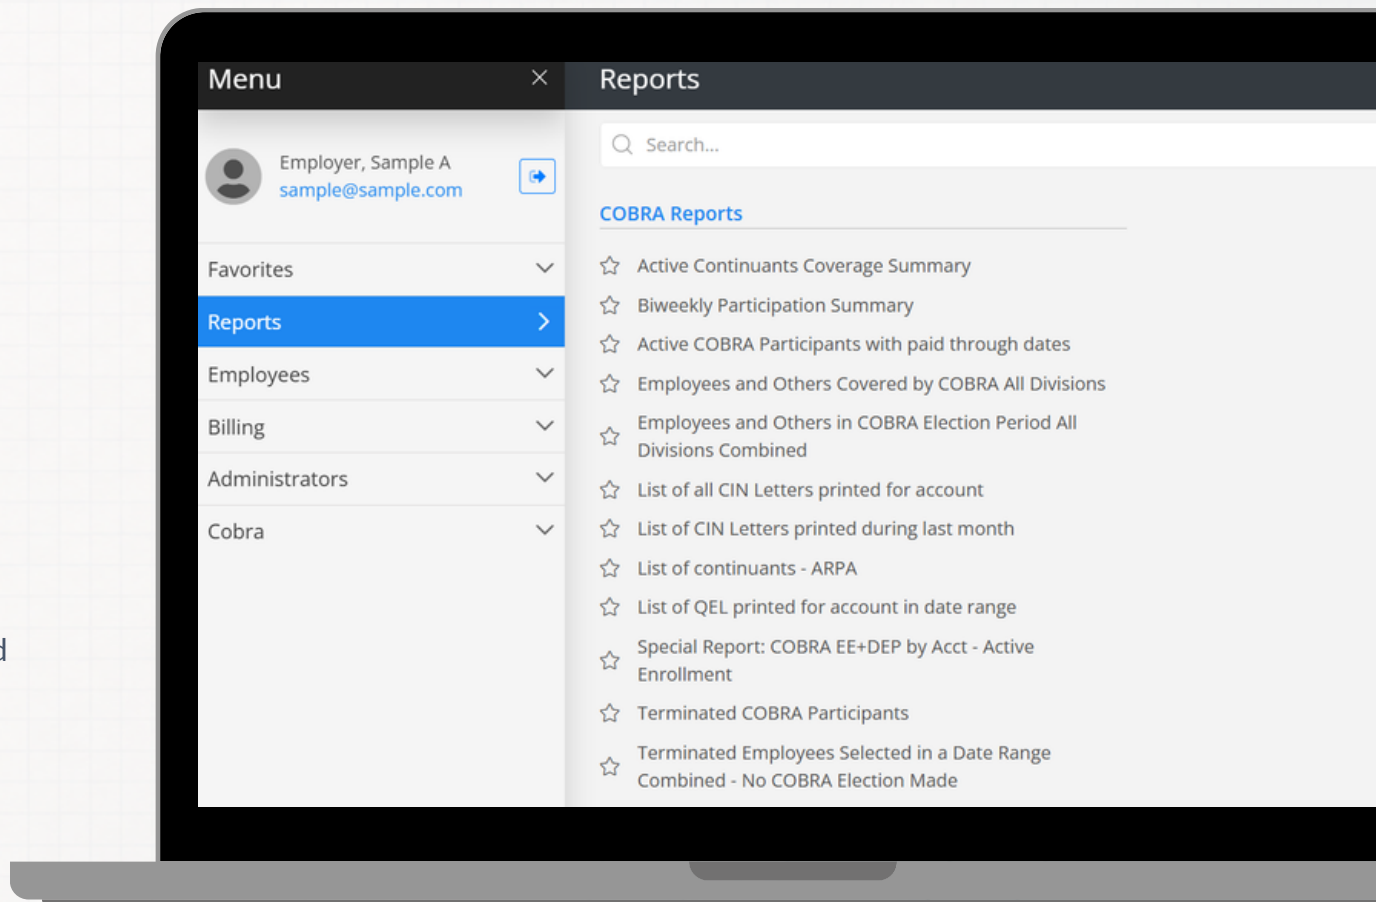

See the full picture of a participant's COBRA activity in seconds. Status, coverage dates, elections, notices, billing and payments are all organized in one place so nothing gets missed. This view gives you the clarity to act quickly, prevent issues early, and stay confident that every COBRA requirement is covered without extra work.

Instant Reporting, Zero Guesswork.

The Reports dashboard gives you on-demand access to the COBRA insights that matter most, from participant coverage and payment activity to biweekly updates and notice tracking. Everything is organized in one place so you can review letters, monitor compliance, and stay ahead of deadlines without digging for data or juggling spreadsheets.

Instant Clarity on Employee Benefits.

See every active plan in one clean view, complete with family status, plan year, and effective dates, so you always know who is covered and when.

Confirm coverage details quickly and spot waived or opted-out benefits without digging through paperwork. Everything you need is organized on one screen, helping you move faster, reduce errors, and stay confident in every decision.
