Benefit Allocation Systems (BAS)

Smarter Benefits Administration. Built for Employers.

BAS simplifies benefits administration through MyEnroll360—our all-in-one platform for enrollment, billing, compliance, and communication. We help employers reduce administrative burden, ensure compliance, and deliver a better employee experience.

All-in-One Platform
MyEnroll360 powers enrollment, billing, compliance, and reporting in one secure, integrated SaaS system

Secure + Compliant
SOC 1 & SOC 2, HIPAA, and SSAE-18 certified. All operations are 100% U.S.-based with no offshoring

Deep Expertise
35+ years of experience serving 4,500+ clients across COBRA, ACA, billing, audits, onboarding, and much more

Proven ROI
BAS delivers measurable ROI—often exceeding $300 per employee, per year

Real-Time Visibility
Admin dashboards, alerts, and reporting tools give HR teams full oversight across all services

Dedicated Support
Every client gets a dedicated account manager plus U.S.-based participant support teams

Services offered through BAS + MyEnroll360:

- **New Hire Onboarding:** Prebuilt workflows, secure document collection, + real-time tracking
- **Benefits Enrollment:** OE, new hire, and life events with automated EDI + workflows
- **Dependent Audits:** Eligibility verification with integrated rules, reminders, + secure review options
- **ACA Compliance:** Eligibility tracking, 1094/1095 prep, + secure e-filing for IRS and state requirements
- **FSA & HRA:** Integrated reimbursement, card support, + participant education tools
- **Retiree Billing:** Ongoing premium collection, remittance, + support
- **Leave of Absence (LOA) Billing:** Custom rules, late-pay logic, + reconciliation tracking
- **Location Billing:** Multi-site invoicing, line item control, + real-time reporting
- **COBRA:** Full-service compliance and premium administration via BAS' CCS division
- **COC:** Continuation of coverage tracking, collection, and reporting
- **Association Websites:** Branded website with enrollment + direct billing capabilities
