Health Reimbursement Arrangement (HRA)

Employer-funded. Tax-efficient. Employee-friendly.

BAS' MyEnroll360 HRA services make it easy for employers to offer employer-paid health reimbursements, manage claims, and deliver a smooth experience—all while maintaining flexibility and control.

24/7 Online Access
Participants can view balances, claims history, reimbursements, and educational content anytime.

Debit Card Support
Use the Wex Prepaid Benefits Card to simplify reimbursement at point of sale.

Conversion + Transition
Smooth migration from existing HRA or FSA providers with balance transfers.

Flexible Plan Design
Support for healthcare HRAs, limited-purpose HRAs, and custom plan rules.

Daily Claim Processing
Claims are processed daily, enabling fast, weekly reimbursements.

Educational Tools
Access interactive videos, guides, and print materials to help participants use the HRA.

Key Features Designed to Make HRA Administration Effortless:

- No participant contributions—funded entirely by the employer
- Reimburse eligible medical expenses and, if designed, premiums
- Employer control over rollover, claims timing, run-out periods
- Automated alerts & notices for claims status, balances, and reminders
- Secure documentation and audit trail for compliance
- Quick implementation or conversion (1–2 days) with BAS support
- Debit card and ACH direct deposit reimbursement options
- Platform supports both FSA & HRA under one system
- Backed by BAS' implementation & client services teams
- Designed to minimize administrative burden and reduce errors
- Transparent pricing with no hidden administrative license fees
